

BATTLE
— COMPANY —

WHERE VIDEO GAMES BECOME REALITY

WHO WE ARE

We are an ambitious attraction and manufacturing company with a passion for changing the way people **EXPERIENCE LIVE-ACTION GAMING.**

We **PROVIDE MANUFACTURING** and support to businesses both big or small, around the world! With fresh thinking and **INNOVATIVE GAMING** concepts, our reputation has made us a leader in the live-action gaming space. One of the hallmarks of our approach to **DESIGN** & manufacturing is equipment versatility. Whether operating an indoor arena, outdoor battleground, mobile business, or a special entertainment attraction our equipment can be **CUSTOMIZED TO FIT** your needs. Battle Company systems will expand your income opportunities and offer possibilities where much of the industry provide limitations.

Our products are **DESIGNED AND TESTED** at our 14-acre property headquarters. We've put the equipment into action in our 5,000 square-foot indoor laser tag facility as well as our newly constructed outdoor battlefield. This is to ensure the highest level of design quality across the different types of environments where laser tag is played. Using agile development methodology and manufacturing that is **ISO 9001 CERTIFIED**, we are the fastest manufacturer in the industry when it comes to bringing new products and software to market. Battle Company equipment has a strong competitive advantage over other brands and our **COMMITMENT TO R&D** is the reason why we are leading the evolution of action entertainment!

EDGE GAME ENGINE

THE MOST POWERFUL GAME ENGINE & SCORING SOFTWARE

EDGE has been an industry game changer with unparalleled game control. It empowers operators with the ability to create and sculpt even the most complex game types.

EDGE

EDGE CAN RUN WITH OR
WITHOUT AN ACTIVE
INTERNET CONNECTION!

EDGE

EDGE's unparalleled game control is found no other place in laser tag. It helps operators create and sculpt even the most complex game types while keeping them easy to run. EDGE comes preset with a few defaults: 35 game modes, 90+ weapons created in the new weapons tool, 15 abilities, and 9 melee weapons. Each and every one is **customizable** for your needs. If that isn't enough you can create and save an unlimited number of your own games and weapons.

EDGE CUSTOMIZATION

EDGE allows you to run the equipment the way you want!
Within our game engine you can create your own vision!

- Design an unlimited number of game types
- Apply special rules to create unique missions
- Create different player types with unique abilities
- Build a variety of unique weapons with the industry's most advanced weapons tool

**WHAT WILL YOU
CREATE?**

KILL STREAKS

The Edge Game Engine is the only system on the market that offers a true kill streak experience found in popular video games like Call of Duty. Call in a UAV to give away the enemies positions, get upgraded weapons or body armor for you and your team, or rain terror with mortars, missiles, choppers and even a nuke!

MEDALS

Medals are achievements given to players based on how they play. This creates additional buzz for players beyond seeing their stats. With Battle Company's mobile application, CallSign, players can track all the medals earned while playing at your battlefield.

EDGE TOOLS

CALLSIGN

Available on
Google Play & iOS

**CALL SIGN IS A REVOLUTIONARY
FREE SMARTPHONE APPLICATION**

- Locate nearby Battle Company powered battlefields
- Use as an in game heads-up display
- View personal stats and opponents stats in and outside of games
- View personal medals earned
- Level up, unlock, and redeem custom rewards

**CALLSIGN IS A MUST USE IF YOU
ARE LOOKING TO REACH
YOUR MAXIMUM PROFITABILITY!**

EDGE TERMINAL

EDGE Terminal is a custom-designed application built for Tablets that give you and your staff freedom and control over the entire battlefield.

EDGE Terminal can be used as a station for players to log in, view their profiles, scores, and rankings.

TEAM- King of the Hill

RANK		K	D	K/D	A	LS	
1	max	5	1	1.67	47	1	93
2	lgotchya	4	1	1.33	51	2	44
3	Tech	2	1	0.5	43	1	43

7	RedHingo	6	5	1.2	54	3	54
8	Bomb	6	2	3	41	2	51

EDGE Terminal has the ability to display dedicated scoreboards and leaderboards for players to view.

Utility Boxes and EDGE Terminal can now operate in tandem to create exciting interactive displays on your battlefield.

EDGE MARKETING

EDGE is equipped with multiple ways to reach back out to your current clientele and keep them coming back.

- Automate emails to customers after they reach a certain level, a number of days after playing, days from registration, and games played.
- Gamers love loot boxes! Send out loot boxes to the Callsign app containing in game rewards, XP, or even custom rewards of your choosing.
- Integration with Facebook means your customers can market to all of their family and friends! This will bring brand awareness and future customers from the world's most popular social network. Incentivise your players to share their scores to social media by rewarding them with XP.

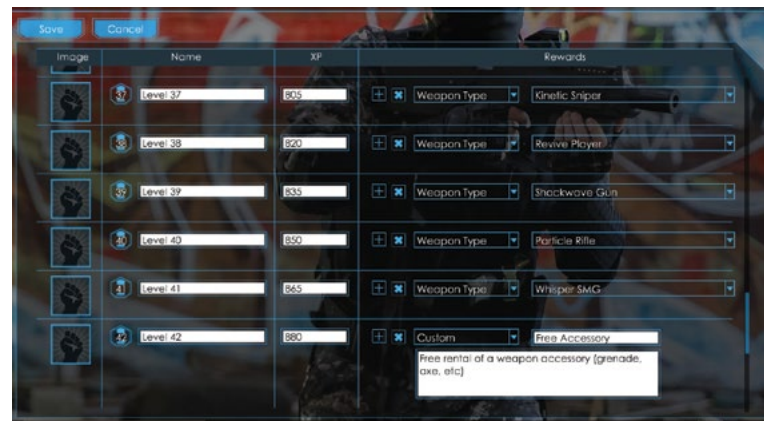

RANKING & UNLOCKS

Create a leveling system!

Your customers can level up just like a video game and you can give them custom rewards like new weapons or a free mini golf session. This creates an incredible replay value.

Our robust ranking settings allow you to create your own rewards for players to unlock. We are not just talking about giving a player a little number next to their name and a star. This is a full fledged ranking system where players can unlock weapons and custom rewards redeemable at your business!

BATTLE COINS

Battle Coin is a exclusive tool offered to you in EDGE that enables you to create unique upsells for your players. Ask a representative to explain more on how battle coin can help your laser tag business grow sales numbers by 10%-15%.

INCLUDES SPECIAL WEAPONS, VOICE PROFILES AND XP BOOSTERS!

EDGE UPGRADES

EDGE ENEMIES

Enemies Edition will transform your laser tag equipment, enabling you to create linear walk-throughs, target shoots, and live experiences with storylines. All new ways to create profitable lines of revenue as you confidently venture beyond Red team vs. Blue team. Whether creating high-throughput, linear attractions, or a small-scale competitive target gallery, EDGE – Enemies Edition will empower the vision you have for your attraction.

EDGE MANUAL SCORING

IMMERSIVE SOUND BOARD & VERSATILE SCORING AT YOUR FINGERTIPS

Configure convenient buttons to play sounds with the added ability to adjust points in a quick and discrete way. Get a whole new level of excitement by uploading your own audio files that will add another layer to your theming. Bring in an airstrike in the distance, sound an air horn, or simply use it to remind players of the rules. It's not only limited to laser tag – use the EDGE Terminal Soundboard to add a layer of entertainment and immersion to any of your attractions that both your players and staff will love!

EDGE ANIMATRONICS

By coupling Utility Box hardware with EDGE's new Animatronics options, your battlefield fixtures can become an immersive part of the game.

Bring a WOW factor to your theming with responsive lighting, fog machines, speakers, and more! Animatronics can be used to enhance Domination Boxes, highlight Areas of Cover and Resupply, or even create an Exploding Room.

Want to have a light turn red when the red team gains the lead, or a smoke machine to go off when an objective is captured? This is the upgrade to immerse and give you customers an experience they will never forget!

BATTLE ROYALE

Give your customers a fresh, yet familiar, gaming experience by adding Battle Royale to your list of games. Through a combination of our software and multi-purpose hardware (Utility Boxes), Battle Royale shrinks the playable area throughout your battlefield. Players are forced to move towards a final-battle location before the storm takes them down!

LEADERBOARDS

Increase your competition and replay value with leaderboards. Use the leader board to drive players to play more games and reward them for their successes!
